

Music

Our Music curriculum is designed to instill an appreciation and enjoyment of music in all its genres and an understanding of the impact it can have on our well-being.

<u>Intent</u>	<u>Implementation</u>	<u>Impact</u>
• For children to develop a passion and appreciation of music. • For children to experience a curriculum that has breadth, depth and balance which encourages them to appreciate and participate many genres. • For children to perform, listen to, review and evaluate music across a range of genres and periods, including works by great composers and musicians. • Children will learn to understand and explore how music is created, produced and communicated. • Children will learn about pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notation.	• Encourage and celebrate children's achievements through class books, assemblies, performances, events and social media. • To focus on knowledge and skills. • To ensure all children gain 'real-life' experiences of music and performance. • To follow the children's interests to ensure their learning is engaging, broad and balanced. • Children will learn skills and work through a clear and progressive scheme of work (Kapow). • Develop a range of skills.	• Feedback from the children about their experience. • The children have a sense of pride and achievement. • The children have an appreciation of music, both historical and modern, and build opinions based on studying their work. • Children have the skills and knowledge to progress through their education. • Develop cultural capital through exposure to and appreciation of music, giving them opportunities and choices for a bright, successful future.
